Not a big fan of pigeons

---

## Recent activity

Heavy focus on a SaaS crypto trading platform rewrite, alongside embedded firmware for input emulation, a Windows input driver, and research into ML models for crypto and computer vision.

---

## Activity timeline (last 12 months)

### 2026 May

#### Windows input filter driver — input-driver

Built and iterated on a kernel-mode input filtering and injection driver for Windows, adding integration tests and a push-style event delivery library.

### 2026 Apr

#### SaaS crypto trading platform — summit

Worked extensively on a .NET rewrite of a crypto algo-trading platform, covering infrastructure, trading engine, billing, UI, and deployment pipelines.

#### ESP32-S3 input emulation firmware — j-uni-hid

Developed new firmware variants for an ESP32-S3-based mouse and keyboard emulation device.

#### Windows Explorer file tagging utility — intag2

Polished a Windows Explorer extension for tagging files and folders, including release workflows and property handling fixes.

#### CV and input emulation R&D project — MEMU3

Iterated on a personal R&D tool combining computer vision, input emulation, and screen overlay capabilities.

#### E-reader custom firmware — papyrix

Enhanced custom firmware for an e-reader device with map rendering, a knowledge base app, and encoding support.

#### Proxy client fork — FICLash

Updated a Clash proxy client fork with new transport support and API fixes.

### 2026 Mar

#### Android LLM assistant — ozwil-android

Built an on-device LLM chat assistant for Android with tool use, sub-agent delegation, and background processing.

#### Crypto price prediction research — crypto-model-research

Conducted machine learning experiments on crypto price prediction, iterating on mixture-of-experts architectures and ensemble methods.

#### E-reader custom firmware — papyrix

Worked on custom firmware for an e-reader, adding map and knowledge base applications.

#### E-ink Android launcher — blackboard-launcher

Developed a note-taking-centric launcher for E-ink Android devices.

### 2026 Feb

#### Windows Explorer file tagging utility — intag2

Refined CI/CD pipelines and Microsoft Store publishing for a Windows Explorer file-tagging extension.

#### Graph-powered code intelligence engine — jaxon

Expanded a code intelligence tool with LSP integration, more language support, and dead code detection.

### Neovim configuration — .dotfiles

Maintained a personal Neovim IDE setup with LSP, treesitter, and remote clipboard support.

### YOLO labeling tool — yolo-labeler

Built a minimalistic, browser-based labeling tool for YOLO object detection datasets.

## 2026 Jan

### Computer vision for online poker — poker-cv

Developed a computer vision pipeline for analyzing online poker games, focusing on state recovery and hand history reconstruction.

### n8n automation nodes — n8n-nodes-claudecode

Updated custom n8n nodes for integrating AI coding agents into automation workflows.

## 2025

### SaaS crypto trading platform — summit

Began a major .NET rewrite of a crypto algo-trading platform, completing initial project phases.

### ESP32-S3 input emulation firmware — j-uni-hid

Iterated through multiple hardware revisions of an ESP32-S3 firmware for mouse, keyboard, and touch emulation.

### Autonomous AI coding tool — auto-claude

Built an Electron-based tool for managing autonomous multi-session AI coding tasks with Git integration.

### Freqtrade trading strategies — freqtrade\_strategies

Developed and optimized numerous algorithmic trading strategies for the Freqtrade bot framework.

### Telegram automation tooling — freqtrade-tg-multibot

Built a multi-bot Telegram interface with a web dashboard for managing Freqtrade instances.

### Flutter trading monitor — freqtrade\_monitor

Created a Flutter mobile app for monitoring Freqtrade bot performance and trade summaries.

### Telegram content collector — jContentCollector

Worked on a Telegram content aggregation and forwarding service.

### Telegram assistant bot — pAssistant

Maintained a Telegram bot for content summarization and multi-target message forwarding.

## 2024

### Freqtrade trading strategies — freqtrade\_strats

Developed and hyperopt-optimized trading strategies for the Freqtrade bot.

### Crypto signaler Telegram bot — CryptoSignalerBot

Built a Telegram bot for generating and formatting crypto trading signals with AI-powered analysis.

### ChatGPT Telegram bot — chatgpt\_telegram\_net

Maintained a .NET Telegram bot providing ChatGPT access.

### Windows Explorer file tagging utility — intag

Worked on a Windows Explorer extension for tagging files and folders.

## Experience

---

### .NET Developer / Tech Lead

Deeplay · Full-time

Jun 2021 – Present · 4 yrs 11 mos

### Software Development Engineer

Akvelon (vendor for Microsoft) · Full-time

Mar 2019 – Oct 2021 · 2 yrs 7 mos  
Ivanovo, Russia

- Developer in the Microsoft App Center SDK team
- Worked on .NET, Android, Apple, Cordova, Xamarin and React Native App Center SDKs

## Developer

ICVR · Full-time

Sep 2018 – Feb 2019 · 5 mos  
United States (remote)

- Built JetSetTV, an Android TV application, from scratch in a couple of months
- Worked on bug fixes and new features in Unity
- Set up CI/CD with Unity Cloud Build + GitLab
- Built a barebones REST API with ASP.NET

## Full-stack Android developer

Konstanta, LLC · Full-time

Jan 2016 – Apr 2018 · 2 yrs 3 mos  
Arkhangelsk, Russia

- Designed and built Android applications for clients across multiple verticals
- Worked with cross-functional teams; integrated third-party APIs; wrote unit tests
- Developed and deployed several b2b systems on 1C:Enterprise
- Built software for tracking Parkinson's disease patients (prescriptions, treatments, signs, test results) on 1C:Enterprise

## Full-stack ERP developer

Konstanta, LLC · Full-time

Aug 2012 – Jan 2016 · 3 yrs 5 mos  
Arkhangelsk, Russia

- Specified, customized and tested 1C ERP/CRM features for end users
- Authored help documentation; defined ERP design and coding standards
- Worked with end users to translate business processes into technical solutions
